About EuCIA

The European Composites Industry Association (EuCIA) is an umbrella organisation based in Brussels. Its main objective is the representation of the European National composite Associations as well as industry specific Sector Groups, such as those targeting end-segments like automotive or those promoting particular product groups or processes.

Today EuCIA represents approx. 8.000 companies in 11 countries across Europe, active in the composite industry. In 2007 EuCIA became a Sector Group of the European Plastic Converters (EuPC).

Through its Members EuCIA is promoting a good trading environment in a continuously expanding European composites network.

The mission, objectives and activities of EuCIA are best represented by three key words: Know- Show- Grow—the world of composites.
