Press Release

EuCIA publishes its first Activities Report for 2008

EuCIA is pleased to release its first Activities Report for 2008. The Report highlights the work carried out under the brand image We Know- We Show- We Grow – the World of Composites, adopted by EuCIA in 2007.

Ab Kasper, General Manager noted: *“the new EuCIA Activities Report 2008 is intended to illustrate the many activities which we conducted last year in our efforts to advocate the interest of the composites industry at the European level. The Report is also a tool to be used by any stakeholder interested in finding more information about developments in our sector.”*

The Activities Report 2008, which builds on activities carried out in previous years, provides information about EuCIA involvement in two collaborative projects funded by the European Commission 7th Framework Programme and various advocacy efforts undertaken at the European level. The Report also underlines its communication and promotional methods used, such as participation or organization to various composites events and fairs throughout Europe, newsletters, etc.

Kasper added: *“ This first EuCIA Activity Report would not have been possible without the constant input from our membership. EuCIA will continue to promote the work of our industry and show it in future Reports to come.”*

Editor's note:

The European Composites Industry Association (EuCIA) is an umbrella organisation based in Brussels. Its main objective is the representation of the European National composite trade Associations as well as industry specific Sector Groups, such as those targeting end-segments like automotive or those promoting particular product groups or processes. Today EuCIA represents approx. 8.000 companies in 12 countries across Europe, active in the composite industry. In 2007 EuCIA became a Sector Group of the European Plastic Converters (EuPC). Through its Members EuCIA is promoting a good trading environment in a continuously expanding European composites network. The mission, objectives and activities of EuCIA are best represented by three key words: **Know - Show - Grow - the World of Composites.**
